

# LET'S COOK TOGETHER!

Today, more than ever, it is important for our teams to stay connected. Our Food Services Team is here to support you with our Chef Net live, virtual cooking demos. Through this program, you and your teams will receive a private cooking experience hosted by our large network of Celebrity, Star, and Local Chefs who will lead you through your personal cooking demo.

## HOW DOES IT WORK?

- The Compass OneCall team will coordinate a date, time, and demo program that is best suited for your group and event.
- We will assist with the set-up of a virtual meeting (i.e., Webex) and provide you the invitation for distribution to your group.
- During the live demo, participants will have the opportunity to ask questions and chat with our chef and hosts, making it an interactive, fun experience!

## WHAT ARE WE COOKING?

Our chef's can provide a variety of recipes from which you can choose. We take into consideration skill level, event length, and more.

**Expense Note:** Team building expenses exceeding \$100 per attendee are subject to income imputation. The per attendee expense is calculated by taking the total cost of the event divided by the number of attendees. Since these expenses are not submitted in Concur, the organizer of the event is responsible for submitting an Earning Request form in Workday. The FLU/CF can choose to gross-up the amount(s) to cover the withholding taxes to limit the impact on employees. To learn more about Earning Request forms, go to [HR Connect](#).
