Jomi Kim: On Site Manager, Tues-Thurs, for any operations issues

Catering

<https://eurestcatering-eh.catertrax.com/shopadmin1.asp>

Here, you can place catering orders from a variety of Asian Bistro packages such as buffets, individual bento boxes, half/full tray items of our most popular items and those not available at the restaurant. These items need to be placed 24 hours prior, and will be delivered to your meeting room.

Online Ordering

<https://direct.chownow.com/order/18050/locations/25873>

The other "order ahead" option is to order through our online ordering system. There you can select items from our lunch menu to be picked up by a designated time. All items placed through the online ordering system require pre-payment. Our staff will package your order and have it ready for pickup at the "tray pickup station"- on the opposite end of the open kitchen. If you prepay for drinks you can help yourself to those items- thereby skipping the line!

In-Person Dining

For dine-in service: Order at the counter, get a pager and pick up your food when the pager buzzes. Seating is first come, first serve. We can "reserve" seating for special occasions or VIP meals. If you have a larger group order for dine-in service, you can email us at jamie.asianbistro@gmail.com with your exact order at least 48 hours in advance and provide a department charge, we can facilitate advanced orders.
